## CAREER OBJECTIVE

As a Meta Certified front-end software developer with a rich two-year work history, I seamlessly integrate practical knowledge and academic pursuit as a Master's student. Also equipped with a certificate in Google Data Analytics, I am dedicated to driving success in software engineering and development by leveraging my proficiency, adaptability, and commitment to continuous learning, aiming to contribute innovative solutions and value to dynamic projects.

---

## INDUSTRY EXPERIENCE

**Associate Software Engineer** | Infinite Computer Solutions

**Feb 2021 - June 2023**

- Played a key role in developing the Mississippi Self-Service Portal, enhancing citizen enrolment for vital medical services, with a 25% timeline reduction and achieving 70% fewer defects for optimal quality.
  - Innovated and delivered a dynamic client-side application, employing ReactJS, HTML, and CSS to enhance user experience and engagement.
  - Engineered a responsive server-side architecture utilizing Java Spring Boot services and NodeJS, connected to MySQL database, optimizing data processing and communication.
  - Partnered with team of 6 testers for User Acceptance Testing (UAT), orchestrating review sessions for technical requirements across global locations and time zones.
  - Facilitated completion of Barrel Fuel Project, an online marketplace linking major flight companies and pilots for efficient jet fuel transactions, contributing to a 35% increase in platform performance and realizing a 40% boost in user satisfaction, further solidifying its success.
  - Created test plans to assess both client and server-side architecture, conducted compatibility tests resulting in a 60% surge in operational efficiency.
  - Collaborated with new team members, providing hands-on teaching and training on industry practices contributing to improved task completion rates.
  - Recognized with Performer of the Month award in August 2022 for expediting development and efficiently resolving client-reported issues, showcasing a commitment to excellence.
- 

## WORK EXPERIENCE

**Christmas Casual Team Member** | Rebel Sports

**Nov 2023 - Feb 2024**

- Took charge of visual merchandising initiatives, orchestrating appealing displays that boosted product visibility and contributed to a 15% increase in sales.
- Partnered with fellow associates to implement a streamlined inventory management system, reducing discrepancies and enhancing stock accuracy.
- Implemented a personalized customer engagement approach, resulting in a 10% growth in repeat business and positive online reviews

## EDUCATION

**The University of Adelaide** | Master of Computing and Innovation

**July 2023 - Present**

- GPA: 6.0/7.0
- Awarded Global Citizenship Scholarship through exceptional academic merit, demonstrating eligibility based on outstanding performance.

**PES University** | Bachelor of Technology in Electronics and Communication

**Aug 2017 - May 2021**

- GPA: 8.35/10.00
- Achieved academic excellence with distinction, specializing in VLSI.
- Awarded CNR Rao Merit Scholarship for ranking in top 15%.
- Received Distinction Awards recognizing consistent excellence in academics.

---

## CERTIFICATIONS

**Meta Front-End Developer Professional Certificate** | 2024 | Coursera

**Google Data Analytics Certificate** | 2023 | Coursera

---

## TECHNICAL SKILLS

- **Programming Languages:** JAVA (Proficient), Python (Intermediate), C++ (Competent)
- **Web Development:** JavaScript, HTML, CSS, ReactJS, NodeJS, JAVA Spring Boot, REST API
- **Database:** MySQL, MongoDB
- **Data Analytics:** R, Tableau, MS-Excel
- **Version Control:** GitHub, Microsoft Azure DevOps, SVN
- **Unit Testing:** JUnit, Jest
- **Machine Learning:** Regression, SVM, PCA, LDA
- **Computer Science Concepts:** Data Structures and Algorithms, Object Oriented Programming, Operating Systems

---

## VOLUNTEERING

**Library Volunteer (Special Collections)** | University of Adelaide Library

**March 2024 - Present**

- Streamline the handling, sorting, and rehousing of diverse record formats, such as cassettes, files, and volumes.
- Input data promptly and accurately from paper documents into Excel spreadsheets or databases.
- Transcribe handwritten documents or oral recordings with precision and efficiency.
- Drive the digitization of special collections materials, enhancing accessibility and preservation efforts.

---

## VISA DETAILS

- Currently on Student Visa (subclass 500) for 2 years
